About Me

Maru, a native of Veracruz, Mexico, had the privilege of living in both Canada and France before settling in Austin.

She has a bachelor degree in Interior Design and practiced in that field for several years in Veracruz and Mexico City. An interior design background has given Maru a unique ability to help clients see the potential most properties have to offer.

Maru & her family settled in Austin in 2000, and reside in Long Canyon. She is a member of St. Theresa Church and School, and very active within the Latin community.

The combination of a design background, strong interpersonal skills and multi-lingual abilities enables Maru to provide incredible service to her clients as they buy & sell homes.
